## *CORRECTIONS AND DETENTIONS HEALTH CARE PROGRAM*

November 17, 2009

Ray McLaughlin, Chief Deputy  
Pat Hunton, Captain  
Monterey County Adult Detention Facility  
1410 Natividad Rd.  
Salinas, CA 93906

Dear Chief McLaughlin & Captain Hunton,

Congratulations. The Institute for Medical Quality (IMQ) Corrections and Detentions Health Care Committee has awarded a **Two-Year Accreditation** to health services at the Monterey County Adult Detention Facility. This accreditation is in effect as of **November 17, 2009**, and will expire on **November 17, 2011**.

According to our survey conducted on September 15, 2009, the facility met all but one of the applicable IMQ Essential Standards. The facility was not in compliance with IMQ Essential Standard 303 – Substance Abuse. To achieve compliance and the Two-Year Accreditation, further documentation was required to demonstrate that medical checks are being conducted on a consistent basis and in accord with the institutional policy and Title 15.

IMQ is in receipt of the required documentation, and the Corrections and Detentions Health Care Committee has approved the documentation as satisfying the requirements for a Two-Year Accreditation.

The health services at the Monterey County Adult Detention Facility hold the distinction of being accredited by the Institute for Medical Quality. As part of this accreditation, your facility is responsible for maintaining compliance with the IMQ standards for the full two-year accreditation term. Please advise us of any change at your facility that affects health services.

We look forward to working with you and your health and custody personnel to provide care consistent with the accreditation standards. Should you have any questions, or if we can be of assistance, please do not hesitate to contact Yumi Aikawa, Corrections and Detentions Health Care Program Administrator, at (415) 882-5132 or yaikawa@imq.org.

Again, congratulations on this achievement. You will receive a framed certificate.

Sincerely,

*Ernest R. Williams MD MPH*

Ernest Williams, MD, MPH, Chair  
IMQ Corrections and Detentions Health Care Committee
